

# Reduce Your Impact on the Environment

## E-WASTE

Reduce • Reuse • Recycle

**80-85% of electronic waste (i.e. computers, monitors, televisions, and anything with a cord) ends up in landfills.**

- Buy EPEAT registered products
- Resell or donate electronics that are still in good condition
- Find new uses for old electronics
- Recycle old electronics for FREE at the annual U-M e-waste recycling event held in the spring
- Check to see if your device's manufacturer offers a take-back program
- Take devices to Recycle Ann Arbor's Drop-Off Station year round for a fee
